About College

Rashtrakavi Ramdhari Singh Dinkar College of Engineering (RRSDCE), Begusarai is one of the premier Institute of Bihar under Department of Science, Technology and Technical Education, Government of Bihar, RRSDCE Begusarai marked its humble beginning in 2016. The institute is situated around 33 acres of land with all premier facilities.

Rashtrakavi Ramdhari Singh Dinkar College of Engineering, Begusarai gives a quality education in science, engineering technology and humanities. It is imparting high values at UG (B.Tech) through its experienced faculty well versed in their respective field of engineering and technology with well-equipped laboratories. At present the Institute has Six disciplines viz. Civil Engineering, Computer Science & Engineering, Electrical & Electronics Engineering, Mechanical Engineering Chemical Engineering, Computer Science Engineering (Data Science) and well-established departments of Physics, Chemistry, Mathematics and Humanities.

Rashtrakavi Ramdhari Singh Dinkar College of Engineering, Begusarai aims at setting out very high education standards. The pedagogical aspects have been formulated to suit not only the needs of the contemporary industrial requirements but also to develop human potential to its fullest extent in a range of professions. Extracurricular activities are planned through games and sports, cultural programs. Cultural activities provide a platform to know about the culture of various states and regions of the country and opportunity for national integration.

Rashtrakavi Ramdhari Singh Dinkar College of Engineering, Begusarai has been on the fast track of development and has undergone numerous facelifts.

Message

Rashtrakavi Ramdhari Singh Dinkar College of Engineering has been consistently ranked amongst the top Government engineering colleges situated in Bihar's industrial hub, Begusarai, I am proud to present our institution as a premier destination for engineering talent. Offering specialized education in Computer Science, Chemical, Civil, Data Science, Electrical & Electronics, and Mechanical Engineering, our college equips students with practical skills aligned with industry demands.

With a focus on holistic development and rigorous academics, RRS DCE produces adept graduates ready to excel in diverse engineering fields. Right from its inception, RRS DCE, Begusarai has had a world-class curriculum for its UG Programmes, with emphasis on developing analytical skills along with hands-on laboratory-based experimentation and project-oriented work providing complete engineering exposure. Our graduates following the rigorous training, both inside the classrooms and laboratories as well as through immersive internships in the corporate world, are well equipped to design, develop and market products and services for discerning consumers in India or abroad and take on leadership roles in later years in their careers.

RRS DCE Begusarai is one of the preferred academic institutes to a large number of organizations for recruiting outstanding employees with the potential to be their future leaders. These organizations are excited about the capability, skill, intellect, and professional readiness displayed by our students.

I invite recruiters from design, manufacturing, and service organizations in India and abroad to visit our campuses at RRS DCE Begusarai and explore placement opportunities with our students graduating in 2026. We highly value our partnership with recruiters. We remain committed to making your recruiting experience productive and positive.

I wish the students all the best and success in their careers.

**Dr. Abhishek Sharma
Principal
RRSDCE, Begusarai**

TPO's Message

Dear Valued Recruiters,

On behalf of Rashtrakavi Ramdhari Singh Dinkar College of Engineering (RRSDCE), I am writing to cordially invite your esteemed organization to participate in our upcoming campus recruitment drive.

RRSDCE is a premier engineering institute in Begusarai city of Bihar consistently recognized for its academic excellence and industry-focused curriculum. We offer B.Tech programs in Computer Science Engineering, Civil Engineering, Electrical & Electronics Engineering, Mechanical Engineering, Chemical Engineering and Computer Science Engineering(Data Science).

Our students are not only equipped with strong theoretical knowledge, but also practical skills gained through state-of-the-art laboratories, industry partnerships, and real-world projects. They participate in various co-curricular activities, workshops, and seminars, fostering well-rounded personalities with excellent communication and teamwork abilities.

We extend to you all physical facilities to carry out your own recruitment process on our campus. Whether you have regularly recruited our students, or planning to visit us for the first time, I am sure you will find our students highly competent and you will visit us again, year after year. We look forward to a warm and enduring relationship between two great institutions.

We are confident that our students can make valuable contributions to your organization.

**Prof. Nitya Nand Jha
Training & Placement Officer
Rashtrakavi Ramdhari Singh Dinkar College of Engineering**

TPO's Message

Dear Valued Recruiters,

Rashtrakavi Ramdhari Singh Dinkar College of Engineering (RRSDCE). At RRSDCE, we go beyond textbook knowledge to equip our students with industry-aligned knowledge, real-world project experience, and strong communication and teamwork skills. We foster well-rounded individuals.

Our curriculum spans across six undergraduate engineering programs namely Computer Science, Electrical & Electronics, Mechanical, Civil, Chemical and Data Science Engineering. This diversity allows us to cultivate a talent pool with broad knowledge and unique perspectives, ready to make valuable contributions across various industries.

The amalgamation of our rigorous program, in terms of training, and flexibility in terms of fine tuning their domain of expertise, aided by their freedom to express themselves, inculcates in students, an insatiable desire to learn and excel. While undergraduates of our college are trained to acquire basic understanding of the materials and quantitative analysis so that they can take up a wide variety of challenges offered by the recruiter. We are convinced that you, as a recruiter, you would be impressed by the quality and skills of our students.

I have no hesitation in asserting that you would certainly benefit by recruiting these talented and capable students, and with your help and guidance they are guided and empowered to realize their full potential.

Sincerely,

**Prof. Abhishek Kumar Jha
Asst. Training & Placement Officer
Rashtrakavi Ramdhari Singh Dinkar College of Engineering**

Vision and Mission

Vision

- To emerge as a center of excellence in the field of technical education and research, aiming to create a dynamic global standard human resource with the capability of accepting new challenges for serving the nation and the society.

Mission

- To provide quality and value-based education to promote research and develop critical thinking.
- To develop competent individuals and creative professionals as well as effective entrepreneurs, who can work individually or collaboratively in dynamic global environments.
- To nurture responsible and competent individuals who uphold integrity and contribute meaningfully to society and humanity.

Courses offered

❖ Department of Mechanical Engineering.

- The Department of Mechanical Engineering encompasses a wide range of opportunities or advanced teaching, research and innovation. The excellent laboratory facilities, systematically designed curriculum, and dedicated faculty members make this department a dynamic place to study.

❖ Department of Civil Engineering.

- The Department of Civil Engineering has well established laboratories. The faculty members are well qualified and are having degrees from reputed Institutes. They are actively involved in research and consultancy. The department has made significant contributions to infrastructural and industrial growth in Bihar by providing technical expertise and consultancy.

❖ Department of Electrical & Electronics Engineering.

- The Department of Electrical & Electronics Engineering is dedicated to the current needs of industry with the flexibility to its under graduate programs according to different requirements. Application of new technology in various fields is the main focus in the activities of the department.

❖ Department of Computer Science & Engineering.

- The department remains committed towards its mission. One is to provide students with the fundamental knowledge and problem-solving skills in Computer Science required for a fulfilling career. The other goal is to create and disseminate knowledge to improve Computer Science research, education and practice.

❖ Department of Chemical Engineering.

The department of Chemical Engineering was started in the year 2022. This is the only College in Bihar to have Chemical Department. We have a better training & Job opportunities as our college is located in the industrial capital of Bihar. The department fosters creativity, sustainability, and innovation, ensuring that graduates emerge as leaders in the chemical and allied industries.

❖ Department of Data Science & Engineering.

The department of Data Science and Engineering was started in the year 2023. Data Science stands as an exceptional career path with immense potential for future expansion. This field has a lot to offer to professionals who are looking for a career in the field of technology. It is a lucrative career option with a lot of growth opportunities.

Infrastructure

❖ Campus Information

- Rashtrakavi Ramdhari Singh Dinkar College of Engineering (RRSDCE), Begusarai is one of the premier institutes of Bihar under Department of Science, Technology and Technical Education Government of Bihar. RRSDE Begusarai marked its humble beginning in 2016. The institute is spread over 33 acres of land and is equipped with all modern facilities.

❖ Smart Classrooms

- The rooms are well ventilated with proper lighting system, built-in and portable black/green boards, equipped with Slide Projector, Overhead projector, Computers, and television with CD, DVD player & LCD Projector.

❖ Computer Centre

- RRSDE, Begusarai has a well-equipped centralized computer centre to cater to the needs of students and faculty in the college. The RRSDE, Begusarai Computer Centre is equipped with more than 200 modern computers connected into LAN in two floors providing internet access and programming facilities to all software related laboratories of all the departments of the college.

❖ Electronics Labs

- One of the most technology intensive laboratories in the college is surely one of the best available in engineering colleges today. Significant investment has been made to ensure that the lab has all the necessary equipments and all of it in working order.

❖ Workshop

- Theory without experimental proof has no meaning. Knowledge is rendered purposeless without application. Thus, to implement theoretical learning, our premises are equipped with the state-of-art workshops for Civil and Mechanical Engineering, furnished with all modern equipment.

❖ Library Facilities

- Our library, complemented by a digital library, provides extensive access to books, journals, e-resources, and research databases. These facilities ensure that students gain comprehensive theoretical knowledge, practical exposure, and hands-on experience, preparing them to meet global industry standards. The main objective is to deliver world class service to its users by providing various books, journals, dailies magazines and other related materials.

❖ Hostel Facilities

- The college maintains separate hostels for boys and girls in the campus. The hostels have common room facilities, indoor games, television, telephone. All the hostels have good internet connectivity with LAN and Wi-Fi.

❖ Sports Facilities

- The objective of RRS DCE, Begusarai is to facilitate all round development of the students. To enable the students to live a healthy and stress-free life the college from its very inception has taken efforts to build sports facilities. Currently the college has a volleyball court, badminton court, cricket ground along with modern indoor facilities for table- tennis. A basketball court is under construction. There is an open auditorium for other outdoor cultural activities.

❖ Park

- Our college has a well-maintained green park containing different kinds of herbs and shrubs where students can perform different activities like meditation, Yoga and recreate their Mind.

Placement Activities

Students Activities

Why recruit at RRS DCE

- The students are coming through **JEE (Mains)** since 2019, and students also joint to the competitive examination conducted by the Bihar Combined Entrance Competitive Examination Board.
- Our students receive training in Graduate Employability Skills from professionals at Universal Education, Bangalore, under the TEQIP-III program
- Our students received summer training from IIT Kanpur in June–July 2020 on 17 emerging technologies, including Python, Machine Learning, CATIA, Revit Architecture, Cyber Security, MATLAB Programming, Staad Pro, Core Java, Android, and others. Additionally, in September–October 2020, they were trained in advanced technologies such as Primavera Project Planning & Management, Radio Frequency Circuit Design, Wireless System Implementation using MATLAB, 3D Max, and Introduction to Analog Circuit Design using SPICE, among others
- Our students underwent 60 hours of hands-on online training on “Embedded Design and Simulation for Analog & Digital Electronics, 8051, and Arduino Uno Microcontrollers”, conducted by Cyber Motion Technologies Pvt. Ltd., Hyderabad
- Our students are enhancing their skills on Spoken Tutorial Portal (IIT Bombay).
- Our students even got the chance to interact with Industry experts, HRs renowned faculty of eminent institutes of India through webinars organized by each college of Bihar. Minimum one webinar per week was organized by the colleges during the COVID pandemic.
- Our students underwent 58 hours of blended training in English Communication Skills, conducted by Maatraqa.

Facility for on-campus recruitment

The cell utilizes the college's facilities, including conference halls equipped with home theatres, LCD projectors, laptops, desktops, laser printers, handy cams, digital cameras, and other resources..

➤ Training & Placement Cell

It is fully air-conditioned and it provides the infra-structural facilities to conduct group discussions, tests and interviews besides catering to other logistics.

➤ Seminar Halls

The hall is fully air-conditioned and ideal for meetings, seminars, concerts, presentations, and performances. It is equipped with state-of-the-art audio-visual devices, offering services such as video conferencing, advanced sound systems, and multimedia support. The facility can also accommodate presentations, group discussions (GD), and personal interviews (PI) during the placement process.

➤ Digital Classrooms

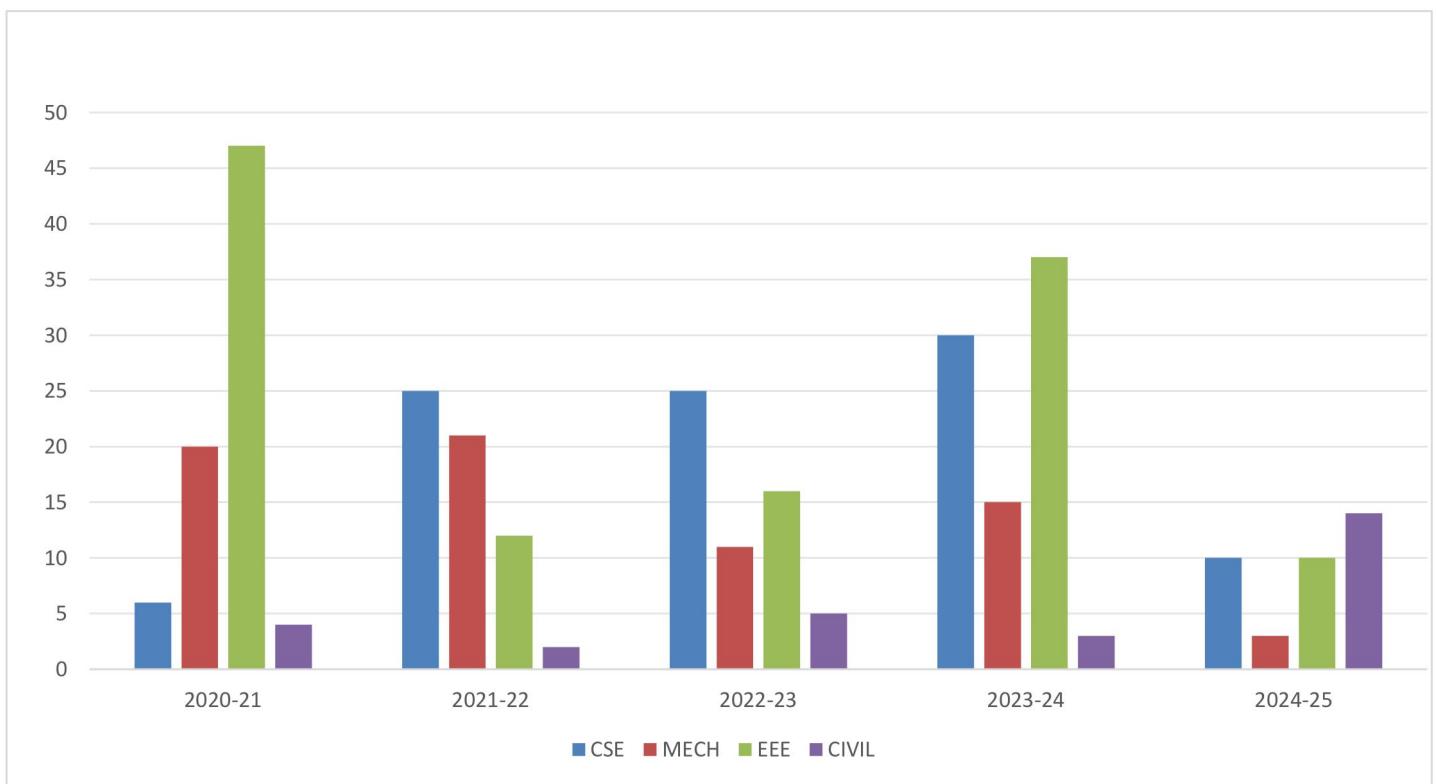

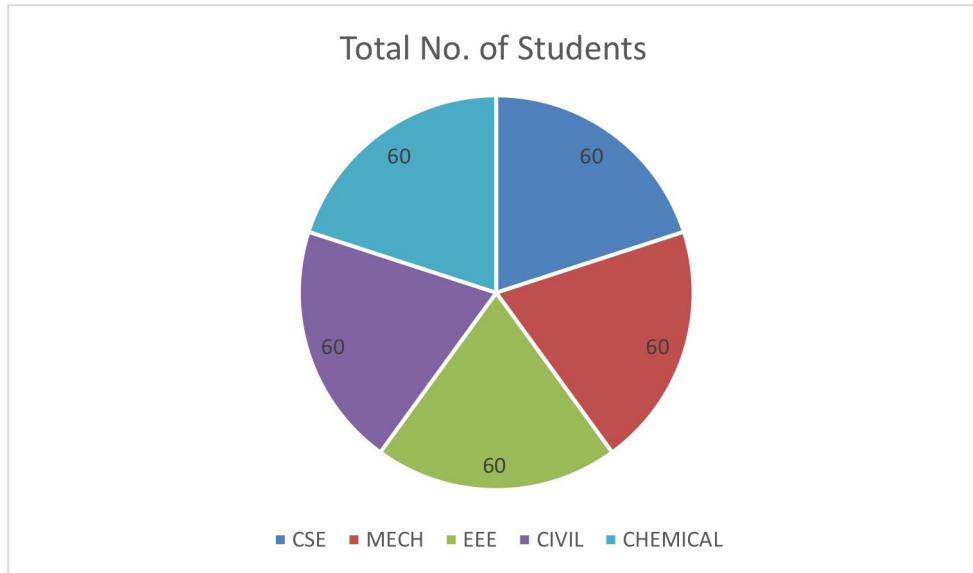

Ventilated and ergonomically designed class rooms with projectors. It can fulfil the need for pen-paper based exam in the phase of placement process.

➤ Computer Centre

Computer centre presently has around 200+ computers with Online UPS facility, connected to LAN providing internet access. It can cater the need for online exam in the phase of placement process.

Testimonials

My hard work, perseverance, dedication, and other skills have helped me to crack 7+ companies through off-campus placement drives and 2 companies through on-campus placement drives, such as Accenture, TCS, Infosys, Cognizant, etc. There is no substitute for hard work, which leads to success. I extend my thanks to RRS DCE, Begusarai, for enhancing my skills.

Aniket
Software Engineer

I did summer training in Full Stack web development from E&ICT Academy, IIT Kanpur. I also participated in technical fest at NIT Jamshedpur and IIT BHU and acquired many skills. I cracked 4+ multinational IT companies and got offer letters from Wipro, TCS, HCL, etc. Today is your opportunity to build the tomorrow which you want. So, be confident, keep learning, exploring and growing

Payal Kumari
Project Manager

I have done training in Python and Full Stack web development. Along with the students I also participated in tech fest of NIT Jamshedpur and IIT BHU. Be positive, you can do everything. "Never stop learning because life never stops teaching."

Ankur Vishal
Developer

I have evolved myself a lot the scratch to my current status. Currently I am working as Senior Software Engineer at Capgemini. The only key to get placed or get a job is the consistency. Be consistent to your studies. Along with studies, do work on your soft skills. Wish you all super bright future and happiness in your life.

How to reach

Airport

The nearest airport to RRSDCE, Begusarai is Jayaprakash International Airport, Patna (JPNI, Patna). Direct and regular flights are available from Patna to most major cities, including Delhi, Mumbai, Hyderabad, Lucknow, Kolkata, Chennai, and others. The campus is approximately 125 km from Patna Airport via road.

Railway

The nearest railway station is Begusarai Railway Station, located just 3 km from the campus. Trains, including Rajdhani Express, Super-Fast Express, and others, connect Begusarai with Delhi, Kolkata, Patna, and other major cities.

Roadways

Begusarai is well-connected by road to major cities across the country. RRSDCE has excellent road connectivity to and from Patna, which is approximately 125 km via NH 31.

Patna → RRSDCE Begusarai
125 km via NH 31
